CE

Both Model 600 and 2200 series Power Supplies have been tested by NU Laboratories, Inc. of Annandale, NJ and found to be in conformity with the directives required to bear the CE mark.
REFERENCE:

Ignition Properties, Smoke Density, Flashpoint

FLATLITE® Electroluminescent Lamps have been tested to the ASTM D1929-96 and ASTM D2843 Standards for Ignition Properties and Smoke Density, in addition to the Cleveland Open Cup and Pensky Martens Closed Cup Flashpoint analysis.
REFERENCE:

Toxicity

FLATLITE® Electroluminescent Lamps have been analyzed for the complete Toxicity Characteristic Leachate Procedure (volatiles and semivolatiles), ensuring their safety for landfill disposal.
